

The Honorable Michael K. Powell  
Chairman  
Federal Communications Commission  
445 12th Street, S.W.  
Washington, D.C. 20554

Dear Chairman Powell:

I'm writing to urge you to support the proposed merger between EchoStar Communications and Hughes Electronics. I believe the merger holds tremendous potential for my company in Danielson, CT which sells EchoStar's DISH Network satellite TV service. The new company will offer a more attractive product to consumers, and this will mean more business for my company.

None of my customers can receive their local broadcast channels via satellite because the DISH Network does not have the channel capacity to carry smaller television markets. Currently, EchoStar offers service in only 36 markets. This is a source of frustration for my consumers. The proposed merger between EchoStar and DIRECTV would allow the combined company to offer local broadcast channels in all 210 television markets nationwide by eliminating the duplication of identical programming carried by both services. If the merger is approved, satellite TV will be a more competitive alternative to cable, and this is good for business.

The merger will allow the new company to better compete with cable. This is good for all consumers because subscribers to the new service will benefit from the competition on price and services whether or not they are served by cable.

Since its inception, direct broadcast satellite TV providers have offered uniform, nationwide pricing structures, and the new company has guaranteed that it will continue this practice. Nationwide pricing offers customers in rural America the full benefits of the rigorous competition occurring in urban and suburban areas. I can rest assured that satellite TV will remain a competitively priced product.

The new company will offer many benefits to customers, but the most important one is local broadcast channels via satellite in all U.S. television markets. This is the one service most sought after by my customers. I urge you to support the proposed merger between EchoStar and DIRECTV because local channels for all Americans is only possible if the companies are allowed to combine.

Sincerely,

jerry bousquet  
Danielson, CT 06239
